

Samuel Game – Clockmaker of Milborne Port

The discovery of a grandfather clock belonging to Edward Hallett of Swatchford led to further research into local clockmakers with a view to discovering who made it. One possibility was local clockmaker **Samuel Game** who was born around 1702 in Milborne Port; he married **Judith West** in 1727.

Samuel and Judith had many children! Their great-great granddaughter inherited an 8-day clock case in 1829. Perhaps it was this one...
